1. [Minutes of Last Meeting](#)

All matters arising are covered in reports and documents provided

2. [Presidents Report](#)

We are experiencing extraordinary times as we struggle to come to grips with the Covid 19 pandemic. While the last three months have been very difficult and, for some of us, very sad, the 9 months before that have been a celebration of the growth and development of Veterans Fencing in Europe. We hope to see a gradual return to participation in the sport we love and a resumption of our competitions and championships very soon.

3. [Secretary/Treasurers Report](#)

Note that in the light of current situation 2019 membership status will be held over to 2021

4. [Report on Cognac Individual Championships](#)

Summary of the success of the Championships in Cognac in 2019

5. [Report on Circuit Competitions](#)

We started the European Veterans Circuit in the current 2019-20 season with the aim to provide motivation for fencers to travel outside their own countries and to provide quality events to encourage local fencers to enter. The data shown in the presentation confirm that we achieved this goal even though the season could not be completed because of COVID-19. We would like to thank all the organisers who had a great part in the success of the European Circuit events and all the fencers who travelled to participate in these events. As a result of the interest in our Circuit, we have received requests from more countries to include events or to increase current events to include more weapons. The twelve original events have been awarded for three years and we decided to add one weapon to three events to reach a total of 5 events for each weapon.

6. [Circuit Competition 2021 Guidelines](#)

We started this season providing the organisers with very general guidelines, leaving them the definition of most issues regarding their competition organisation; after the experience we got from this first season, we decided to

update the guidelines with the goal to provide a more uniform approach to the whole European Circuit.
